## Dinghy Boat Park Rules and Regulations V1:0

The purpose of the boat park is to promote safe dinghy sailing to members of Lough Neagh Sailing Club, to encourage regular participation in the dinghy sailing programme and the encouragement of ownership of boats.

The 'LNSC Boat Park Rules and Regulations' will set out the scale of charges for Boat Park usage and required rules and regulations. These will be issued by the main committee and provide a fair rate for storage relevant to the cost incurred by the club. The committee reserves the right to amend this document and rates at any time. Any issues arising may be brought to the sailing committee for resolution and final approval at Club committee.

1. The main committee will issue the scale of charges for Boat Park usage. Payment will be due 1<sup>st</sup> of January and will cover the period to 31<sup>st</sup> December.
2. Charges will be reviewed annually at the discretion of the committee. Fees must be paid annually or the resident forfeits his space and will thus no longer be allowed to store anything in the Boat Park.
3. For the purposes of boat storage, the approximate usage area required as defined by the Club Committee will determine costs.
4. All fees must be paid for in advance of storage. If payment of fees has not been received after 30 days of due date, use of the Boat Park will be deemed as unauthorised.
5. The Committee on the recommendation of the sailing committee will allocate Boat Park space. Allocated Spaces should be kept clean and a reasonable space will be provided between adjacent spaces subject to boat type.
6. All boats shall be maintained in neat, clean and good working condition.
7. Boat Park Keys will only be issued to those club members storing boats and must not be loaned, copied or misused. A returnable deposit on keys will be required to cover the cost of providing secure keys. The gate shall be locked at all times when not in use.
8. Any boat, or other article parked or left within the Boat Park is at the owners risk and the Club accepts no responsibility for damage or loss.
9. Insurance: The owner shall ensure that adequate insurance cover will be maintained for the duration. This must include a minimum of £3m third party liability.
10. No boat or trailer may use the Boat Park without prior payment and issue of permission. Any boat or trailer parked within the park without pre-payment or permission of the Committee is liable to be removed immediately.
11. No vehicle, other than those authorised, may enter the Boat Park.
12. The Club reserves the right to remove any boat, trailer, vehicle or other article, parked or left in the Boat Park without payment of the appropriate fee, as the non-payment of such shall be considered to constitute unauthorised use of the Boat Park. The Club reserves the right to refuse entry to the Boat Park.
13. The Club reserves the right to dispose of any unauthorised boat, trailer, vehicle, or article of equipment and apply the proceeds towards the sums owing to the Club. An official warning notice at the entrance to the Boat Park shall be considered as sufficient notice for the purpose of this regulation.
14. Upon notice from the Club Committee any boat or trailer considered to be in a non-working condition or in an advanced state of disrepair, the resident shall have 30 days from the date of the notice to correct the condition or the boat/trailer may be removed at resident's risk and expense and without further notice.
15. No hazardous material is to be stored in the boat park by residents.
16. The Club reserves the right to make reasonable changes to the Rules & Regulations without prior notice.
17. Spray Painting, sanding or grinding is prohibited.
18. The Boat Park is primarily for the storage of club boats, safety boats and club members sailing dinghies not able to avail of ABC berthing facilities. Any boats using the facility with additional road trailer storage requirements will be subject to available space and additional cost at the discretion of the Committee.
19. No powerboats shall be permitted use of the Boat Park.
20. Those seeking temporary storage of any boat may request storage to any member of the sailing committee for approval of the main committee – an appropriate fee will apply.
21. Should the club host a sailing event to external guests, The Club may request the temporary removal of members boats. If this is not permitted, the Club reserves the right to 'condense' spaces for the duration of the event to allow space for visiting boats. Members will be notified in advance (minimum 1 week) and given the opportunity to be present when boats are moved or alternatively move their own boat.
